PRICE FIVE CENTS

POSA BUILDING BEING SOLD TO WEISHAAR BROS.

Sale of the POS of A building to Weishaar Brothers was announced Wednesday evening at the public sale of POS of A property held in the organization's former meeting room on the third floor of the Chambersburg St. structure.

The POS of A building had been sold by the order to Mr. and Mrs. John L. Bower, 533 Carlisle St., several weeks ago when the club decided to close its meeting rooms and move to the GAR post rooms on E. Middle St.

Glenn Weishaar, of Weishaar Brothers, said today the purchase of the structure is to take place Saturday when the legal formalities will go through. Terms were not made public.

May Move Store

He added that while there is a possibility that the Weishaar store may be moved from its present location on Baltimore St. to the POS of A building, "that is something still a long way in the future—if it ever does occur."

Joe, The Motorists' Friend, holds a lease expiring April 1, 1955, on the store on the ground floor of the POS of A building, so any move would have to await the expiration of that lease. In all likelihood "Joe the Motorists" will remain there for some time to come," Weishaar said. "In all probability we will remain here on Baltimore St. No one can tell the future, but that is the way it appears today."

Old Guns Sell Well

The sale of furniture and other possessions of the POS of A was "very successful," officers of the organization said, although they added they could give no total of the sale pending counting of the receipts.

Four antique rifles, of the 1850 period, muzzle loading, cap-fired pieces, sold well, brought from \$9 to more than \$20. Sixty-nine chairs were sold to the Duffy-Mott corporation at \$1.60 apiece. A safe was sold for \$23. A piano brought \$5 and the problem to the new owner of how to get it down from the third floor.

BENEFIT PARTY FOR CHEST BEING PLANNED BY VFW

Gettysburg Post 15, Veterans of Foreign Wars Wednesday evening made plans for a public party for benefit of the Community Chest, opened bids for their new home, and set up a nominating committee to report at the next meeting.

Commander Bernard Murray named Clyde Keefe, Robert Epley, Donald Hubbard, Richard Naugle and John Rummel as the nominating committee. New members accepted in the post included Roderick L. Montgomery, Chambersburg St., on transfer from the Emmitsburg post; Earl Burns Smith, Gettysburg R. 5, and George Ellmore Thomas, Seven Stars.

At the home association meeting following the post meeting, President Arthur Roth named Bernard Murray, John Berger and Clarence Sadler to work with the auxiliary on the conducting of a public card party March 19 at the post home. The party is one of the series being held by local clubs to help raise funds for Community Chest.

The association decided to vote next meeting on a change in the by-laws governing the dues paid by associate members. It was decided that one director should serve on the building committee, but the appointment was not made immediately.

Bids for the new home of the VFW, to be constructed on E. Middle St. were opened, but no announcement was made immediately of the results.

Says He's Not In Race For Governor

A Democratic Grassroots Committee for Judge W. C. Sheely for Governor is circulating literature boosting Judge Sheely for the party choice for the governorship but the local jurist says he is "definitely not a candidate."

The literature, wrapped to look like a firecracker and labeled "It's hot," has been sent to members of the 59-man Democratic policy committee which will meet in Harrisburg Friday and is being distributed more generally throughout the state.

The circular asserts Democratic prospects this year are "hot" and puts forth Judge Sheely as a "hot" candidate with "every political asset and no liabilities."

CALL FIREMEN FOR GAS LEAK

A dozen Gettysburg firemen were called out, Wednesday evening, to combat fumes and flush out the Tiber of gasoline film following leakage from a line attached to a loading pipe leading to a 90,000 gallon Atlantic Refining Co. tank on W. Middle St.

Spokesmen from the managing Aero Oil Co., New Oxford, said this morning said gasoline loss was negligible and placed the cause of the temporary seep to a loose valve vibrated open by the pump motor.

Firemen were summoned at 9 p.m. by Aero Oil Company officials after the odor of gas fumes was detected. Two forces worked 45 minutes to flush out the film and fumes which were carried along the Tiber. The firemen washed away the leakage by opening plugs on W. Middle, Washington and Carlisle Sts.

Gas Company maintenance men repaired the valve. The loss is estimated at \$20.

The 11 young army officers of the council named as premier Lt. Col. Gamal Abdel Nasser, 36, the tall and handsome driving force of the bloodless coup that ousted King Farouk II from the throne 19 months ago. He has been Naguib's deputy premier.

125 Retail Merchants Are Guests Of Gettysburg Times At Plant Inspection, Dinner Wednesday; Survey Shows Buying Market Is \$47,000,000

Times Blankets Buying Area

This is the Adams County area, as shown by a survey made for The Gettysburg Times, and announced at The Times dinner at the Hotel Gettysburg Wednesday evening.

It comprises 44,197 people in 12,078 families. Sixteen thousand seven hundred eighteen men and women are employed out of an employable force of 17,234.

The 12,078 families in 1953 spent \$47,000,000 in 624 retail outlets.

Of that amount \$14,000,000 went for food; \$4,500,000 for wearing apparel; \$5,500,000 for household supplies; \$8,000,000 for housing; \$6,000,000 for automobiles; \$3,000,000 for service to automobiles and \$6,000,000 for personal services.

And after spending all that, the families wound up the year with \$44,500,000 in bank deposits.

The Gettysburg Times is delivered to 7,922 of the 12,078 families, covering 100 per cent of most of the county and blanketing approximately 65.7 per cent of the rest.

Watching the news come in over the Associated Press tape and teletype machines in The Gettysburg Times news room during a tour of the plant Wednesday evening are: John Fitz, Lloyd W. Kuhn, John H. Baschore, Richard Geisler, Glenn C. Bream, C. L. Eicholtz, John Crow and N. A. Meligakes (at right edge of photo).

GOES TO HOSPITAL

William H. Plank, 644 York St., left today for the University of Pennsylvania Hospital in Philadelphia where he will be admitted as a patient for observation.

GOOD EVENING
With spring upcoming, it won't be long now until the piano and davenport change corners.

One hundred twenty-five retail merchants Wednesday evening learned that the Adams County market is much greater than most had believed and also heard that nationally the present "recession," at worst, will be "the second best year the nation ever had—more prosperous than any other year in America's history, with the exception of 1953."

The merchants were guests of The Gettysburg Times at an "open house" designed to give the business men and women a glimpse at The Times plant and its work, and then were guests of The Times at a dinner in the Hotel Gettysburg.

The size of the Adams County market was reported from a survey which shows that the 12,078 families in the Adams County market spent a total of \$47,000,000 in 624 retail outlets during 1953, and in addition to spending more than ever before, the families also wound up with more money in the bank than they ever had before.

Spending Up In 5 Years

The survey shows 44,197 persons in the area, divided into 12,078 families. Of the 44,197 a total of 16,718 are employed, out of a possible 17,234.

Members of the families in 1953 spent \$14,000,000 for food, \$4,500,000 for wearing apparel, \$5,500,000 for household supplies, \$8,000,000 for housing, \$6,000,000 for automobiles, \$3,000,000 for service to automobiles and \$6,000,000 for personal services.

How the market has grown was shown by a comparison with 1948. In that year the families in the Adams County area spent \$32,000,000. Thus the spending in 1953 was 46.8 per cent higher than the amount in 1948.

Bank deposits increased 32 per cent from 1948 to 1953, up from \$33,700,000 to \$44,500,000, an increase of 32 per cent.

Carl A. Baum, advertising manager of The Gettysburg Times, said The Times reaches 7,922 of the 12,078 families in the Adams County area, 65.7 per cent of all homes in the area, 100 per cent of much of the area.

Ring Doorbells 6 Times Weekly

Baum told the group: "The Gettysburg Times rings every doorbell six days a week in Gettysburg and immediate environs. In the area that extends north to Mt. Holly and Dillsburg; east to Abbotstown and East Berlin, south to Emmitsburg and Taneytown and west to beyond Fairfield, Orttanna and to Caledonia, it rings the door bells each day of 65.7 per cent of the homes. All this, at a rate so spectacularly low that a quarter page display costs but one-tenth of one cent per family."

A tape recording of a talk given by Arthur H. Mottley, president of Parade Publications, at the recent Chicago meeting of the National Advertising Executives Association, was presented. Baum, introducing the talk, said it was in his opinion, the best given at the Chicago meeting of 15,000 advertising executives.

Points To Business Facts

Mottley said: "Morale in the sales areas today is not so good. There is talk of a recession. But the facts are all against that. The nation has the highest employment in our history; the highest income; the highest disposable income — which means what we spend; the highest profits; a tax cut is assured; we're accelerated the time it takes for new products, new ideas, to reach the retailer, never before have retail merchants had so much new stuff to sell, and that in itself is an asset."

"Our population growth is another factor. In 1930 everyone said we were through as a nation. We only increased our population by 8,000,000 in the 1930s, but we increased it by 18 millions in the 1940s and it looks like we'll increase it by 28,000,000 in the 1950s."

More Income Now

"We have the broadest income base in our history, more people have more money than ever before. We grow about the graduated income tax. But let's face it, we'll have the graduated income tax for a long time to come. And again, why be so gloomy about it? We've been graduated and graduated and we've still got more income than ever before. I have, you have, and so does everyone else."

"Another factor, we have the highest employment in history and wages are going on up, and that's not wholly bad. Pressure means progress, and if you've got to meet a higher payroll you put in new machinery, do a better job, in order to meet it, and you help the national economy."

"There are more liquid assets in the hands of the public than ever before. There are those who worry about consumer credit, installment plans, being higher than ever before. That's correct. But consumer credit represents only 17 per cent of the national income. In 1939 consumer credit equaled 31 per cent of the then national income. (Continued on Page 12)

A resident of Hanover since 1933, the shoe manufacturer was active in civic and business affairs there until his illness. Advice to Diabetics

Beware of patent medicines advertised as cures or remedies for diabetes! They are not reliable. Diabetes was first recognized about 1552 B.C. This was about the time of Moses, or 200 years before the birth of King Tut. Ever since that time, at intervals, some promoter has come up with a cure. A dependable treatment for diabetes was discovered in 1921. It will not cure the disease, but it will enable the diabetic to live a normal life. The discovery is known as Insulin. Your doctor knows all about it. If he finds it necessary in your case, we can supply it in just the right strength.

He is survived by his wife, Cora Colette Beaudin, whom he married June 29, 1907; his daughter, Mrs. Foye, Hanover R. 2, and two grandchildren. He was a member of St. Joseph's Catholic Church. Mr. Beaudin was a member of Hanover Lodge 763, Benevolent and Protective Order of Elks, and a member and past president of the Lions Club.

Littlestown's 90th Anniversary Noted At Council Meeting; To Place Street Signs; Build Streets

The 90th anniversary of the incorporation of Littlestown as a borough on February 23, 1864, was noted at the monthly meeting of the Borough Council on Tuesday night in the office of the borough secretary on N. Queen St. The session was in charge of President James V. Yingling and opened with the reading of the minutes of last month's meeting by Secretary Roger J. Keefer.

A discussion on purchasing and erecting street name signs which had been planned and adopted in 1953 took place. It was decided last year to secure a few signs each year until all the streets have been completely covered, thus avoiding the outlay of a large amount of money in any one year. It was agreed that street name signs for the following intersections be purchased: W. Myrtle St. and Patrick Ave., E. Myrtle St. and Maple Ave., E. Myrtle St. and Prince St., Patrick Ave. and W. King St., Maple Ave. and Newark St., Newark St. and Prince St., Locust St. and Maple Ave., Cemetery St. and S. Queen St., Monarch St. and S. Queen St. The new street signs will be similar to the one now erected and will be purchased from the Keystone Highway Traffic Equipment Co., North Wales, Pa.

Order Street Materials

Council then took up the discussion of the necessity of placing additional street lights on E. Myrtle St. between Maple Ave. and Park Ave. It was decided to direct the Metropolitan Edison Company to install two street lamps on E. Myrtle St., where most appropriate.

Bids received on stone bituminous

materials were opened. After discussion, the proposal of W. V. Sneeringer and Sons for furnishing stone in accordance with the bid submitted was accepted. The proposal of W. V. Sneeringer and Sons, Littlestown, follows: Various size stone delivered and spread on designated streets and alleys in the borough at \$1.85 per ton; an additional charge of 15 cents per ton will be added in the event a Temple spreader will be needed to spread over the tar; the truck will be loaded from the Sneeringer stockpile for the same price and the stone will be furnished from the Bethlehem Steel Company, Hanover. Another proposal received was from the Bethlehem Steel Company, Hanover, for 1,000 tons various sizes of washed stone meeting the Pennsylvania Department of Highways specifications F.O.B. quarry at \$1.35 per ton.

Complaint On Parking Ban

Two bids for bituminous materials were received. The bid submitted by the Lansdell Company Inc., Baltimore, was accepted at \$1.79 per gallon for furnishing, applying or delivering 10,000 gallons, more or less of C-1, p-1, BM-1, DH-3, H-3 and P-3 as ordered. All materials will meet Pennsylvania Department of Highways specifications and will be delivered on 24-hour notice. The other bid received was from the Service Supply Company, Inc., York. Earl I. Inners, Newark St., appeared before Council relative to the "Prohibited Parking" on the first block of Newark St., which was recently covered by Borough Ordinance No. 147, enacted December 22. Council informed Mr. Inners that the parking problem on this street has been under study by the safety committee for some time, and the ordinance has been enacted as a safety measure since the first block of the street is so narrow. It was further explained that if parking were permitted in this area on the north side of the street, there would be many more complaints concerning the south side. It was also stated that the space in the rear of his store could be utilized by his customers if they were so informed and that there would not be any objections to vehicles stopping at his store to load or unload. Ask Blanket Permit

The secretary then told Council that Julian Estep, manager of the Manufacturers Light and Heat Company, informed him that it was the Company's intention to relay a six-inch gas main and new service lines on E. and W. King Sts., during the very near future, and that he requested a blanket excavation permit and fee instead of securing many single permits. During the estimation, it was agreed that an estimate of the number of service connections be obtained and a blanket permit would be issued for these streets. Council then decided that it would be necessary to have a new and revised ordinance covering excavations within the borough streets and alleys. The ordinance will be drafted and presented at the March session of the councilmen for their consideration.

One water permit was issued last month to Charles E. Bupp, Littlestown R. 2, for miscellaneous household uses for one family at 317 E. King St.

The budget resolution as contained in the budget form and necessary to put the budget into effect was adopted.

Today's Talk

By GEORGE MATTHEW ADAMS

BABIES BORN IN 1809
In the interval between Trafalgar and Waterloo, there were born into this world, among others, six babies that were to become stalwarts in human history. Here are the names: Gladstone, later Prime Minister of England, was born at Liverpool; Tennyson, at the Somersby Rectory; Oliver Wendell Holmes in Massachusetts; and the very same day of that same year, Charles Darwin was born at Shrewsbury, and Abraham Lincoln in Kentucky. And to grace the world of music, Felix Mendelssohn was born at Hamburg.

There were no celebrations over the birth of any of these babies. Anyway in Europe, people were too busy with wars, destroying babies who had grown into soldiers. Wendell Phillips once said: "In war there are no Sundays." Likewise, in war, people do not think about the significance of babies being born, while nations fight at killing those who once were babies, born for later slaughter. What a waste to human hope and happiness are all wars!

Imagine the thoughts that are going on in minds of millions of mothers, whose babies are now being born every day. The year 1809 gave to the world six great and useful men. Who can predict the great birth today? They are just babies—but what potentialities are veiled to them all, and what must be the dreams that every mother conceals within her heart!

A baby is a mother's greatest treasure. And no asset to a nation is so valuable as its babies. Their health and future security mean more to its life than all the wealth of which it may boast. Among the babies born today are sure to be the ones who will lead and rule later on. Perhaps today is born a future American President! Who can know? Think of those babies that were born in 1809.

Tomorrow Mr. Adams will talk on the subject: "Select the Best Things."

But now I whine:

The whole day through."The doctor merely said: "Hello."
Then off he went.

RESULTS SOON

TEST ON PIKE

HARRISBURG (AP)—Results of the Pennsylvania Turnpike Commission's experimental 60-mile speed limit on the western half of the state's toll road will be announced shortly, the commission reported Wednesday.

"A year has passed since the limit was introduced," said a commission spokesman. "The results now are being studied."

He said the study consists of comparing the safety records of the two halves of the 327-mile toll road from the eastern terminus at King of Prussia to the Ohio border.

The restricted speed limit is one of several experimental measures undertaken by the commission in an attempt to reduce accidents on the turnpike.

93 Died Last Year
Despite the application of ultra-modern engineering principles in construction of the turnpike the fatality toll last year reached an all-time high of 93.

Fourteen deaths have been recorded on the high-speed road this year. A fatality late Sunday night brought the all-time turnpike total to 500 since the first section was opened in 1940.

Victim No. 500 was Everett Kinder, 25, of Pittsburgh. Kinder was a passenger in a car that overturned 10 miles east of Somerset.

Other measures aimed at reducing casualties on the superhighway are installation of metal and shrubbery barriers in the medial strip to reduce head-on collisions, automatic weather warning signs and enlargement of the number of state police on turnpike patrol.

Despite the increasing number of fatalities on the turnpike each year since 1947 the fatality rate has not increased substantially and still remains below that of rural roads elsewhere in the nation.

Latest available figures for comparison show the turnpike fatality rate at 7.3 per 100 million vehicle miles traveled and the national rural date at 9.8. That was for 1952. The turnpike rate rose to 7.5 in 1953.

the 1953 turnpike fatality rate is expected to exceed the national overall rate, now estimated by the National Safety Council to be 7.0. Final official figures are not yet available.

Turnpike fatalities since the late 1940 opening have been: 1940 — 5; 1941 — 26; 1942 — 14; 1943 — 7; 1944 — 14; 1945 — 16; 1946 — 14; 1947 — 7; 1948 — 25; 1949 — 39; 1950 — 59; 1951 — 66; 1952 — 83; 1953 — 91.

the fatality rate (per 100 million vehicle miles): 1940 — 10.7; 1941 — 10.7; 1942 — 10.9; 1943 — 8.0; 1944 — 14.4; 1945 — 11.2; 1946 — 9.8; 1947 — 5.8; 1948 — 7.3; 1949 — 10.0; 1950 — 12.4; 1951 — 8.5; 1952 — 7.3; 1953 — 7.5.

Draperies and glass curtains used together at a window should be similar in feeling. Chintz draperies, for instance, look attractive with glass curtains of marquisette or organdy. Draperies of a heavy material such as denim combine well with glass curtains of theatrical gauze or fish net.

GIVEN SECOND
PRISON TERM

BELLEFONTE, Pa. (AP)—Guy L. Brown, 49, former Bellefonte bank teller, started serving a term of two to five years in prison Wednesday on a charge of embezzlement and forgery of bank funds.

Brown pleaded guilty to the charges Tuesday afternoon in Centre County Court and was sentenced by Judge Ivan Walker. Chief of Police Charles H. DeWitt said the charges involved embezzlement of approximately \$32,000 from the Bellefonte Trust Co. over a period of years ending last December.

Brown previously served a term in the federal penitentiary at Lewisburg in the same case. He was sentenced to a year in the federal prison on charges of making false entries and misapplication of funds. He was discharged on Jan. 4.

Judge Walker said he imposed the sentence in County Court because he felt the federal sentence was insufficient.

Asking for leniency, Brown told the court: "I pleaded guilty at Lewisburg and served what they gave. I feel that I have paid my debt."

Judge Walker imposed the two-to-five years to be served in the Western State Penitentiary. He also imposed a similar sentence to the Centre County jail to run concurrently with the penitentiary sentence.

LONDON (AP)—A spell that anti-white Mau Mau terrorists cast on Kenya in 1952 with knife, torch and witch doctor ritual is growing despite a bomber-backed campaign to crush the rebellion, a British parliamentary delegation reports.

A drastic shakeup of the East African crown colony's police was proposed by the six-man, all-party delegation Tuesday to help cope with the bloody uprising that some British experts say may last a generation.

Fresh from an 18-day survey of the fertile land where British security forces each month are killing off about 300 of the terrorists and capturing 150, the delegation said there was danger the movement to drive out the whites and kill loyal tribesmen would spread beyond the Kikuyu area where it was born.

Publication of the report appears certain to touch off a hot debate in the House of Commons on the colony, a country of 224,960 square miles which lists coffee, tea, cotton and grain among its principal exports.

Colonial Secretary Oliver Lyttelton arranged to fly to Kenya Saturday for another review of the political and military strategy. Field Marshal Sir John Harding, chief of the imperial general staff company him.

600 Red Huks Are
Being Surrounded

MANILA (AP)—Philippines soldiers Wednesday slowly closed a pincers attack around an estimated 650 Communist-led Huk outlaws north-east of Mt. Banahaw in an all-out offensive to wipe out the rebel bands.

It was still a question whether the military would be able to keep the rebels inside the ring.

The government drive in this sector is aimed at the Huk force under Casto Alejandrino, which is entrenched in rugged hills along the Laguna - Quezon provincial boundary.

The Huks failed to meet a Monday midnight deadline set by President Ramon Magaysay for acceptance of government surrender terms.

Three Youths Killed
As Auto Rolls Over

KITANNING, Pa., Feb. 24 (AP)—An auto rolled over, killing three youths and injuring two others late Sunday night on Route 839, two miles south of nearby Dayton.

State police said an auto operated by Richard Reichard, 16, of Mayport, attempted to pass a car driven by James Schreengost, 19, of Rural Valley. Reichard's car struck a soft shoulder, police said, and veered back onto the road, crashing into the rear of Schreengost's vehicle, and spinning it over three times before it came to a stop.

Schreengost and Robert Brown, 19, of Kittanning, were dead when brought to Armstrong County Memorial Hospital, and Duane Troup, of Dayton, died shortly afterward of a fractured skull. Rodney Brown, 19, of Dayton, was admitted to the hospital with injuries, and Jack Easley, was treated for head cuts and released. All were passengers in Schreengost's car. Neither Reichard nor his two passengers, Wilber McClelland, of New Bethlehem, and Blair Kuhn, of Smicksburg, were hurt.

State police and Armstrong County Coroner C. M. Woodward are investigating.

SEEK FIRE BALL
SEEN IN HILLS

MILFORD, Pa. (AP)—State police and forest rangers searched today through a heavily wooded area near the Pike-Monroe counties border where two residents reported seeing a ball of fire fall to the ground about 8:15 Tuesday evening. The witnesses said what they saw might have been an airplane crashing in flames.

The report came from Mr. and Mrs. Charles LaBar, caretakers of the Easton Anglers Assn. property in southwestern Pike County about 30 miles west of Milford.

They told state police at Stroudsburg that the ball of fire was sighted by each of them while they were in different rooms of the house, that it seemed to disappear behind a nearby hill. LaBar said he later climbed a fire tower and saw two separate fires blizing in the woods. They subsided after a time, he said.

Civilian and military aviation sources in this area and at New York and Philadelphia said today that they had no reports of missing planes.

About the time Mr. and Mrs. LaBar saw the flash of fire, another resident of the isolated and heavily forested area, reported noting an

unusual disturbance of the picture appearing on his television set.

A brief search Tuesday evening failed to turn up any trace of the fire, and was resumed Wednesday on a large scale with state police from the Milford station joining with Department of Forests and Waters employees headed by Bernard Jagger. The searchers said they would ask Civil Air Patrol assistance for an aerial search of the section.

Bullet Quint Drops 76-62 Decision To Penn State; Lafayette Here Saturday

For the second time this season the Penn State University cagers proved themselves masters of the Gettysburg College Bullets as they won handily 76-62 at State College Wednesday evening.

The Lions led all the way following Jack Sherry's opening jump toss and were never seriously threatened. In the final period Coach "Hen" Bream's outfit outscored its opponents 23-14 but by that time the Lions had the verdict sewed up.

Playing a deliberate brand of ball with an all-court press in the first quarter, the Bullets managed to keep within striking distance. With but 2:50 remaining in the first quarter Tom Lunn sank a jump shot and then the Bullets went without a field goal until Bill Snyder connected after 4:50 of the second period. State led 17-12 at the quarter.

Jesse Arnette secured three goals and a trio of fouls to lead the Lions in the second frame. The Lions had built up a 28-15 margin until Snyder landed his shot. At half time the score was 38-23.

State pulled steadily away in the third frame to up its lead to 54-28 as Sherry contributed a pair of goals and free tosses. With 1:10 remaining the Lions had one of their biggest leads at 59-32 before three quick baskets by Jim Sevebeck, Joe Lang and Snyder made it 62-39 going into the last stanza.

Bullets Sport
Taking advantage of the presence of Lion reserves, the Bullets came to life in the final quarter. After 6:30 the score was 72-49 and then the Bullets tallied 13 points as the Lions were held to goals by Arnette and Weidenhammer. Dick Hockenbury, Jack Keller, Lang and Bierly contributed the points for Gettysburg.

Snyder led Gettysburg in rebounds with 11 although State controlled the backboards.

The Bullets, who are now 11-7, will be host to Lafayette here Saturday evening.

TIGERS BUILD FOR ANOTHER GREAT OUTFIELD

By BEN LON
Associated Press Sports Writer
The Detroit Tigers, who for years boasted some of the American League's finest outfield trios, today were making plans to reassemble another outfield—with a 24-year-old rookie the key man.

The center of the new setup planned by Manager Freddie Hutchinson is Bill Tuttle, a speedy flycatcher from Elmwood, Ill.

He batted only .276 with Buffalo last season, but he hit 11 homers, drove in 75 runs and was regarded as one of the best defensive outfielders in the minor leagues.

Some Minor Injuries
"Tuttle can prove to us he can hit the kind of pitching we'll face in spring training," Hutchinson said, "we'll make room for him. We sure could use his speed and defensive skills."

Elsewhere in the spring training camps, pitchers Mike Blyzka and Riney Duren came up with minor injuries as the Baltimore Orioles went through their third workout. . . . Harry Agganis, seeking the regular first base job, was outstanding in a Boston Red Sox batting drill. . . . Allied Reynolds reported to the New York Yankees' camp and expressed his willingness to work at both starting and relief roles again this year.

Phils Need 2nd Baseman
With Ted Kazanski expected to go into the Army sometime in May, the Philadelphia Phillies were shopping for a second baseman. . . . Pitcher Vernon Law of Pittsburgh looked good in a workout, showing no signs of the arm trouble which plagued him before he went into the Army. . . . Manager Charley Grimm indicated that Sam Calderone and Charley White

Final County Playoffs Tonight On Bullet Floor

Final games in the Shaughnessy playoffs of the Adams County Scholastic Basketball League will be staged this evening on the Gettysburg College court with Boiling Springs, regular season champion, favored to add the playoff title.

The Bubbler, 25-2 for the season and unbeaten in regular season league play, meet Biglerville in the feature game. The Cannons' two losses during the league season were to the Bubbler.

Littlestown and York Springs, who lost to Biglerville and Boiling Springs, respectively, in the opening playoffs Monday, will meet in the consolation preliminary game at 6:45.

PENN STATE IS INTERESTED IN NEW GRID LOOP

STATE COLLEGE, Pa. (AP)—Penn State University is ready to give serious consideration to quitting the ranks of the independents and joining a new football conference.

"It is our hope that conference sentiment will develop and that Penn State will be considered a prospective member," said E. B. McCoy, athletic director in explaining that the Nittany Lions have yet to be invited to join such a loop.

"At Penn State we believe a league or conference has advantages which are not open to an independent."

Penn State has been mentioned as a possible member of a new league of independents including such schools as Notre Dame, Pitt, Army, Navy, Duke and North Carolina.

"The grouping is a very attractive one and one to which Penn State most certainly would give serious consideration," the athletic director said yesterday. "Unfortunately, no invitation has been extended to us and our administration therefore has not been asked to weigh the question."

McCoy made it clear, however, that Penn State "would be interested only if the conference members subscribed to a code of standards such as Penn State now adheres to without benefit of such affiliation."

BRATTON PURSE WITHHELD FOR "POOR SHOWING"

By RALPH BERNSTEIN

PHILADELPHIA (AP)—Johnny Saxton is rapidly becoming known as boxing's "Mr. Controversy."

The 23-year-old New York welter-round verdict over Johnny Bratton at the Arena here last night, in a nationally-televised bout, but Bratton's purse was withheld because of a lack lustre performance.

The Pennsylvania State Athletic Commission ordered a hearing today for Bratton, his manager and his handlers. Commissioner George Jones said the action was prompted by his observation from ringside and the obvious distress of the crowd over Bratton's performance.

This marked the sixth time in two years that a Saxton fight provoked an aftermath of argument or some unusual circumstances.

Last night Saxton certainly tried to make a fight with the 26-year-old Bratton, a veteran of 10 years in the professional ring. But Bratton obviously wasn't interested. The Chicago fighter held, clinched, back peddled and made no effort to counterpunch.

The 6,838 fans who paid \$27,369 to see the bout booed throughout, tossed papers, chairs and anything else they could get their hands on into the ring. It was quite obvious that most of them wished they had stayed home out of the rain and watched the fight over television.

MOUNTS WALLOP WASHINGTON IN LEAGUE CONTEST

Shooting with uncanny accuracy in the first half when they made 65 per cent of their tosses from the floor, the Mt. St. Mary's College cagers laced Washington College 77-61 Wednesday evening at Emmitsburg in a Mason-Dixon Conference game.

The Mounts, who have already clinched a spot in the conference playoffs next week, now have a 9-4 conference record and 9-11 overall season mark.

Twelve Mountaineer courtmen got into the lineup and only two failed to score. Jack Sullivan and Sal Angelo each accounted for 21 points. After a comparatively close first period in which the Emmitsburg outfit gained a 21-17 advantage, the Mountaineers rolled up a 60-40 lead at the end of three periods to ice the game despite a mild comeback in the final period by Washington.

Tonight Mt. St. Mary's tangles with the powerful Aberdeen Proving Grounds quintet at York in a benefit game.

Baltimore University will be at Emmitsburg Saturday evening for a conference game and the final regular season contest.

Minnesota Sets New Labor Records In '53

ST. PAUL (AP)—Minnesota had a record 834,359 nonfarm jobs, on the average, in 1953. Officials said, however, that the number dropped off at the end of the year.

A study of the records showed personal income about 8 per cent higher than 1952 — at 4,800 million dollars. At the same time, record iron ore production earned nearly 50 million dollars in taxes for the state and its political subdivisions.

Charles To Defy Comeback Legend

NEW YORK (AP)—Ezzard Charles will make a second try to shatter the ancient boxing legend that "they don't come back" when he faces heavyweight champion Rocky Marciano in a 15-round title fight at Yankee Stadium June 17.

No former heavyweight ruler ever has been able to regain the crown and some of the best of them have tried, including Charles. Gentleman Jim Corbett was the only ex-champ to get two chances and he was flattened both times by burly Jim Jeffries.

"Then I guess it's up to Ezzard to break the record," said Tom Tamm, co-manager of the 32-year-old Cincinnati Negro, after the match was closed yesterday at the International Boxing Club.

NAT HOLMAN IS EXONERATED BY TRIAL GROUP

NEW YORK (AP)—Nat Holman, suspended basketball coach at City College of New York, whose team won the 1950 NCAA and NIT championships, was exonerated today by a trial committee of charges of conduct unbecoming a teacher, constituting neglect of duty.

The charges grew out of the college basketball scandals which broke in 1951 and involved seven players of the 1950 CCNY championship team in the "fixing" of games.

Holman, 56, who with his assistant Harry (Bobby) Sand, 36, has been suspended since Nov. 18, 1952, was cleared by a majority report of the three-man Board of Higher Education trial committee, which recommended dismissal of all charges.

To Be Reinstated
The trial committee, however, unanimously found Sand guilty on two counts of conduct unbecoming a teacher.

The committee recommended that Holman be reinstated as an associate professor in the college's hygiene department as of the day he was suspended. The committee recommended that Sand be suspended without pay for one year on a retroactive basis and that he be reinstated as an instructor as of Nov. 18, 1953.

The board will consider the recommendations at a special meeting March 3.

30-FOOT TOSS IS HEADACHE TO NIT PLANS

By RIP WATSON

NEW YORK (AP)—National Invitation Tournament officials had a king-sized headache today, and it was all due to a successful 30-foot shot thrown up with two seconds to play.

The desperation heave by Paul Scheer gave Wichita a 67-66 victory over Oklahoma A&M, threw the Missouri Valley Conference race into a snarl and beclouded Wichita's status as an NIT entry. The Wheatshockers said when they accepted the NIT bid that they would be obliged to enter the National Collegiate Basketball Championships if they should win the Missouri Valley race.

The NIT headache comes from the timing involved. The tournament starts its first round March 6. The latest Wichita could play its first game would be March 9, even if it gets a first round bye.

Possible But Improbable
Then, too, it's possible, though highly improbable, that Oklahoma A&M might lose both its last two games, which would send Wichita to the NCAA. The NIT could invite Oklahoma A&M, but the Aggies haven't played here in some time, and they might not want to make the trip if they wind up behind Wichita.

The exciting Wichita-Aggie game, and its ensuing complications, completely overshadowed other developments on the college cage front. Bob Matlick did his best to keep the fifth-ranked Aggies in the game, scoring 26 points, while Cleo Littleton made 16 for Wichita, No. 14 team in the country in the latest Associated Press poll.

The NIT added a minor note of confusion itself by inviting a second St. Francis team. This time it's the Loretto, Pa., with an 18-4 record. St. Francis, the Brooklyn school of the same name, was invited earlier this week. That gives the NIT eight of its 12 teams — provided Wichita doesn't tie Oklahoma A&M, and, etc.

BENSON VIEWS ON RAIL ISSUE ARE CRITICIZED

WASHINGTON (U)—Secretary of Agriculture Benson's expression of views to a presidential board weighing a railway labor-management dispute has brought protests from the AFL, the unions involved and a farm organization.

"It was not an attempt to interfere, only to present facts," Benson said in New York in reference to his Feb. 3 letter to a fact-finding board, named by President Eisenhower, which is now meeting in Chicago to consider welfare and insurance demands made by 13 rail unions.

The unions, in a telegram to Eisenhower, urged a "strict reprimand if not impeachment" for Benson.

Press Secretary James C. Hagerty said the White House, not aware of the letter until yesterday, was trying to learn all the facts and might have a statement after Benson returns to Washington today.

Meany Lodges Protest
The AFL's president, George Meany, called on Eisenhower yesterday to lodge a protest. He told newsmen afterward:

"Secretary Benson has been pressuring the board very strongly not to do anything about increasing rail worker benefits that might result in higher freight rates."

Benson's letter, as made public in Chicago, urged the emergency board to "find some solution which will neither bring about a work stoppage on our railroads nor give justification for another increase in agricultural freight rates."

The railroads say that union demands for free life insurance, medical care and other fringe benefits would raise operating costs 630 million dollars yearly. The unions involved have threatened to strike in support of their demands, but have set no date.

Leaders of the 15 unions said Benson's letter was "an unwarranted and outrageous infringement of the rights of railway workers." In their telegram, they urged Eisenhower to disavow the letter.

Meany said he regarded it as

ROYAL JEWELRY

(Continued from Page 1)
Royal Jewelers plan to add luggage and dinnerware to their sales line. Miss Allene Irvin, store manager since 1942, said the new store will permit enlargement of nearly every present line of stock including watches, diamonds, rings, and other jewelry.

The new Royal store will be air-conditioned have direct fluorescent lighting system, new and remade show cases, and an acoustically-tiled ceiling.

The building front will feature two beveled outer display windows approximately 12 feet deep, a flickering neon sign, and a four-foot, double-faced electric clock.

Renovations which will completely alter the former appearance of the

building were started the week of January 11 by I. H. Crouse and Sons, general contractors, of Littlestown. The removal of massive sandstone blocks from the face of the building extended over a week.

Since February 8 the laborers have moved operations indoors. At present, contractors are building up and reconvertng the rear portion of the store into rooms for second-story offices.

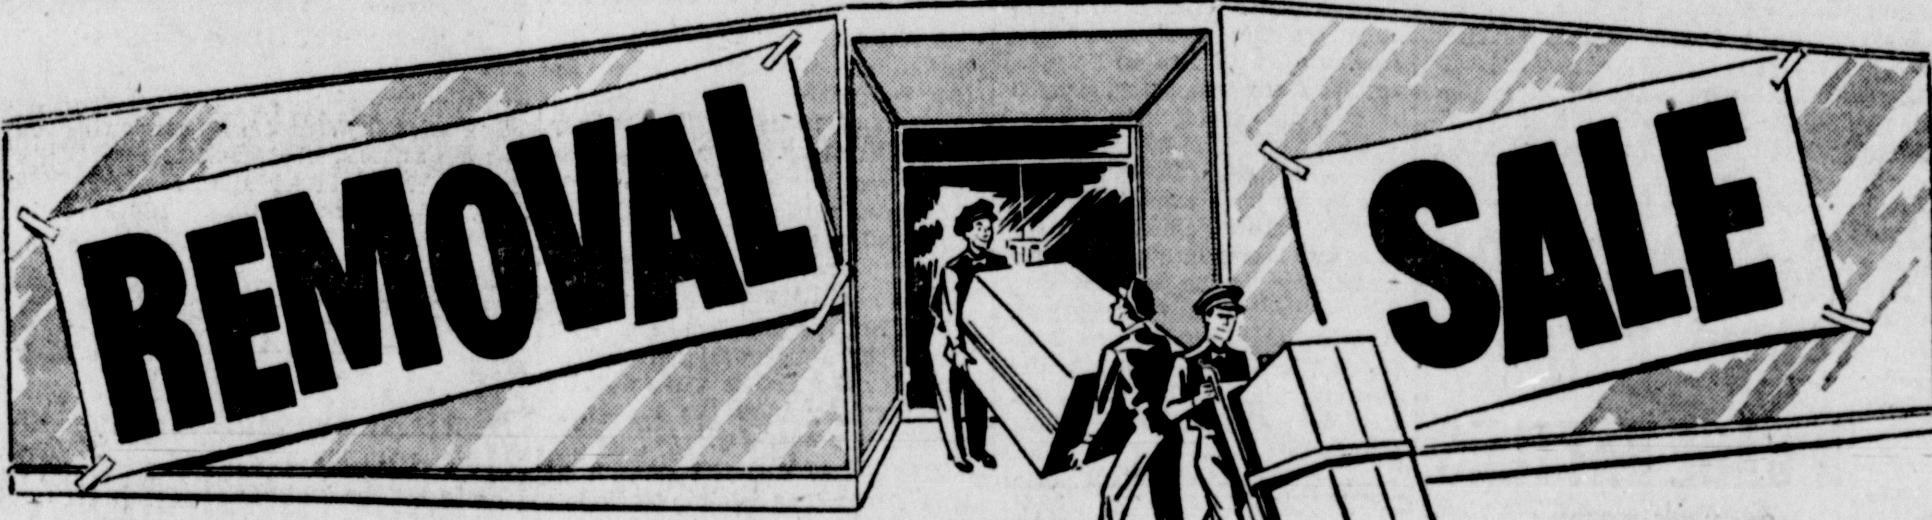

Crouse has estimated that re-flooring, placing of acoustical tiling, plastering, and laying of an asphalt tile floor and terrazzo floor entrance should be completed by the first week of April.

Royal Jewelers expect to provide uninterrupted service to patrons despite the removal. The Gettysburg branch of the Royal Company is one of 22 stores owned by Jay Roy.

Philadelphia Democrats To Be Big Factor In Selecting '54 Candidate For Governor

PHILADELPHIA (AP)—Philadelphia Democrats, their ranks split by the bitter fight over amendments to the city charter, provided the big question mark today on the eve of a meeting to select the Democratic candidate for governor.

The six-member Philadelphia delegation is in a key spot in the pre-session maneuvering to find the man to run against Lt.-Gov. Lloyd H. Wood, the Republican "harmony" candidate.

The Democratic State Policy Committee is expected to choose between Judge Warren K. Hess of Berks county, State Sen. George M. Leader of York County, Corner William McClelland of Allegheny county and Richardson Dilworth, Philadelphia district attorney who made the race four years ago.

The possibility of Dilworth getting the nod was slightly improved yesterday by the announcement of six Democratic city councilmen that they would oppose charter amendments backed by both political organizations.

Opens Political Activity
The amendments would permit greater political activity by city employees.

Within a brief time after disclosure that sufficient council votes had been mustered to block the charter changes, Mayor Joseph S. Clark Jr. announced that he again has urged Dilworth to become the party's candidate for governor. Clark and Dilworth fought side by side against the charter changes, a fight that Dilworth said some time ago was a principal reason why he withdrew from the gubernatorial list.

Clark indicated that he might initiate a "draft Dilworth" movement at the Policy Committee session which both men will attend. Dilworth's reluctance to re-enter the gubernatorial picture apparently stemmed at least in part from uncertainty whether the remainder of the Philadelphia delegation, including leaders who opposed him in the charter fight, would now turn around and back his gubernatorial candidacy.

"Change Their Minds"
Rep. William Green, Democratic city chairman, told a reporter the city's delegates to tomorrow's meeting in Harrisburg "change their minds every day" over a candidate.

However, Green said he thought the statewide picture had clarified considerably in the past two weeks and implied the naming of a candidate would be only a formality. He said he thought the majority of the state delegation had already decided on either Hess, Leader or McClelland.

Another member of the Philadelphia delegation, City Council President James Finnegan, said he thought Judge Hess and Leader

were the two strongest candidates now under consideration.

But Mayor Clark said he would go to Harrisburg "prepared to push for the slating of Mr. Dilworth."

May Draft Dilworth
While Dilworth has reiterated that he is not a candidate he has left the door open for a possible draft. However, if he runs he would be required to resign his present post with the possibility that the board of judges would name a Republican to succeed him.

Once almost a certain choice for the 1954 Democratic gubernatorial nomination, Dilworth's candidacy weakened considerably when the Philadelphia organization withheld support of him.

Dilworth took a stand alongside Clark against the proposed amendment. Green led the pro-amendment move, a bi-partisan group that included GOP City Chairman Robert C. Duffy.

Dilworth said earlier in the day that "only a miracle" would get him back into the race and last night said he knew of nothing that had changed his mind.

Dilworth is also one of the six

Policy Committee delegates along with former U. S. Sen. Francis J. Myers and Mrs. Emma C. Hannigan, a member of the State Executive Committee.

Myers said he has been out of touch with the situation due to the serious illness of his mother.

Mrs. Hannigan could not be reached for comment.

Dilworth said he was "hopeful" that the city delegation could reach some unanimity at the Harrisburg meeting over a candidate. There were no indications, however, of whether the six would get together in advance to discuss the situation.

Elsewhere in the state, another name was added to the picture when Harvey Stewart, chairman of the Washington County Democratic organization, declared that he will support state Sen. William J. Lane at the meeting.

Lane said earlier he was interested but emphasized that he was a Dilworth supporter.

Others mentioned include Judge T. Linus Hoban of Lackawanna County, and State Sen. John H. Dent of Westmoreland County.

ADENAUER ASKS UNITED EUROPE TO BATTLE REDS

BONN, Germany (AP)—West German Chancellor Konrad Adenauer warned today that "sovietization of Europe" is still the supreme goal of Russian policy and called on free Europe to unite quickly to block this threat.

Opening a debate in the Bundestag on the Berlin Big Four conference, the Chancellor said:

"The Soviet Union intends to maintain its present advanced position as a jumping off point for the eventual domination of all Europe."

"More than ever now there exists the necessity for Europe to unite its resources. The European Defense Community must become

a reality."

Adenauer predicted that the Soviets, after failing to split the united front of the west in Berlin, will make a new effort to divide the Big Three powers at the forthcoming Geneva conference on Asian problems.

Welcomes Geneva Parley
But he welcomed the Geneva parley, saying:

"The Soviets are less interested in a change in the European situation than in easing tension in Asia. The Berlin conference showed that the German problem can never be settled alone. The (West German) federal government welcomes any move to ease tensions in other parts of the world because this will have an effect on the German question."

"The federal government will endeavor to contribute to a general relaxation of tension, which will make possible new negotiations over Germany."

"We hope," the Chancellor added, "that progress toward the oth-

NEGRO SHOOTS SELF ON TRAIN

HARRISBURG (AP)—An unidentified Negro was found shot in the head in the rest room of an east-bound Pennsylvania railroad train early today. He died a short time later in Harrisburg Hospital.

Lt. J. R. Frantz of the railroad police said the man was found in the rest room as the train approached Harrisburg when a passenger saw blood on the floor outside the rest room.

A pistol, with one shot fired, was found beside the man, who was still breathing when discovered. There was nothing in the man's clothing or luggage to identify him.

Frantz said a passenger reported questions which divide the East and West will bring the Soviet Union to revise its policies."

she saw the man go into the rest room shortly after the train left Altoona. She said she heard a loud report about five minutes later but, being unfamiliar with the sound of firearms, did not report it at the time.

Police believed the man boarded the train at Pittsburgh.

Joe And Bride Are Home; Wife Is Ill

SAN FRANCISCO (AP)—Mink-clad and ill, Marilyn Monroe arrived last night from a tour of Japan and Korea and went straight to bed.

She posed briefly for photographers, then told newsmen, "I'm ill and I just want to go to bed."

At Honolulu, where she and her husband Joe DiMaggio stopped on their flight home, doctors said she had bronchial pneumonia, apparently contracted while entertaining troops in frigid Korea clad only in her famous snug-fitting purple gown.

Pleads Innocent To Charge Of Murder

CHAMBERSBURG, Pa. (AP)—William Kennedy, charged with murdering his wife, was held without bail today in Franklin County jail after pleading innocent at a hearing before John S. Gillan, justice of the peace.

Gillan held Kennedy for the April term of Franklin County Court after the hearing yesterday. Kennedy, 41, is charged with the fatal shooting Feb. 10 of his estranged wife, Alice, 30.

After the hearing Kennedy was taken to a coroner's inquest in Mrs. Kennedy's death but he refused to testify. The coroner's jury, headed by Dr. C. P. Brink, deputy Franklin County coroner, found that Mrs. Kennedy died "of gunshot wounds inflicted by her husband."

Kennedy was arrested an hour after his wife was shot seven times.

WILL NOT NAME
LICHTENWALTER
GOP CHAIRMAN

PHILADELPHIA (AP)—A drive to secure the appointment of Franklin H. Lichtenwalter of Allentown as campaign manager for Republican gubernatorial candidate Lloyd H. Wood has failed, a top-level Republican source said Wednesday.

This GOP source, who is in closest touch with major policy decisions, said Wood, with the advice of U. S. Sen. James H. Duff, had turned thumbs down on the idea of naming the 44-year-old Lichtenwalter campaign chairman and thus opening the way for his election as state chairman in June.

The source, who declined identification by name, said Wood had decided against the appointment after Duff informed Wood the appointment would not be acceptable.

In addition, GOP leaders from Lancaster, Delaware and Montgomery counties, who helped state leaders select Wood as the "harmony" candidate of the party last month, had voiced open opposition to Lichtenwalter.

Was Leading Candidate

Until late Tuesday Lichtenwalter had been considered the outstanding candidate for the campaign manager's post. He had the support of National Committeeman G. Mason Owlett and Sen. Edward Martin (R-Pa.) for the job. It was understood Wood was leaning toward appointing him, with the possible announcement to come at last night's annual dinner of the Pennsylvania Manufacturers' Assn.

However, a meeting of the southeastern Pennsylvania Republican leaders with Wood, plus a message from Duff, squelched the proposed appointment, the source said. The source said the situation shifted drastically within an hour with the 2,500 persons at the dinner unaware of what was happening. Duff did not attend the dinner.

Tuesday afternoon Lichtenwalter acknowledged that he had resigned as general manager of the Pennsylvania Electric Assn. He said he had "no further plans" for a post at the present time. He appeared confident of gaining the appointment.

Wood said after the dinner that he would not have any statement to make on the situation until he returns from a vacation on March 15.

The drive to appoint, Lichtenwalter to the post—and subsequently gain his election as state chairman—started weeks ago but opposition developed only Tuesday, the GOP source said.

Wood is known to have said privately that any decision affecting the state chairmanship would come from him only after he knew whether state Sen. M. Harvey Taylor, state chairman for 15 of the last 20 years, had decided to seek re-election.

Open Clash Between Senator McCarthy And Secretary Of Army Would Have Hurt GOP

By JAMES MARLOW
WASHINGTON (AP) — No matter who won the skirmish between Sen. McCarthy (R-Wis.) and the Eisenhower administration's secretary of the Army, Robert T. Stevens, the Republicans as a party were bound to lose if the fighting became a public, televised clash.

The Republicans had campaigned in 1952 on a promise to get Communists out of the government. And McCarthy was demanding information on why it took the Army, under Stevens, more than a year to get rid of a major who had refused to answer questions about membership in subversive organizations.

A wide-open fight between McCarthy and Stevens on this point, in an election year, might have split the party into McCarthy Republicans and Eisenhower Republicans. The showdown was avoided. Stevens, who had ordered his generals to stand back while he handled the senator personally in today, agreed to give McCarthy what he wanted after talking with the senator two hours yesterday behind closed doors in the Capitol. McCarthy then called off today's hearing.

Agreement In Mystery

Afterwards, Stevens was represented as surprised that the outcome was considered a defeat for him. But the general impression was that he yielded and, in so doing, created a bit of a mystery.

Did he decide on his own to back down? He seemed determined up to a minute before he saw McCarthy yesterday, to go through

with the showdown today, for when a reporter questioned him, he said: "I have no comment on anything. Tomorrow I'll have plenty of comment."

Or did President Eisenhower, who returned to Washington just shortly before the face-to-face Stevens-McCarthy meeting, tell his Army secretary not to force an open break with the senator? Or did Vice President Nixon arrange it? He was close by while Stevens talked with McCarthy.

The White House said the President did not set up the meeting. Sen. Mundt (R-SD) said the idea for the session was his—not Eisenhower's or Nixon's.

Stevens said later he is not a man who surrenders. No matter what name's placed on his action, the fact is he gave McCarthy just what McCarthy wanted:

1. McCarthy wanted the names of the Army people who handled the case of Maj. Irving Peress, a New York dentist, who received an honorable discharge this month after refusing, 14 months before, to answer questions about membership in subversive organizations.

2. McCarthy wanted to question two generals who had had some part, even though remote in handling Peress' case. Stevens had told the generals not to appear before McCarthy because, he said, the senator was "abusive."

Stevens, after his session with McCarthy, not only agreed to give the names of all those connected with the Peress case but let McCarthy call them for questioning.

STATE SURVEYS WILKES-BARRE QUAKE DAMAGE

WILKES - BARRE, Pa. (AP) — Wilkes-Barre residents, calm but apprehensive of new tremors, continued today to repair damaged homes and streets as a governor's committee set out to determine what aid is needed in the city's southern area.

Gas and water lines broken in tremors Sunday and Tuesday night have already been mended and city crews have filled and paved over the worst of jagged streets.

Although warned officially that there was a possibility of further jolts, almost all residents of the stricken area remained in their homes last night.

State Mines Secretary W. J. Clements blamed the tremors on subsidence in Woodward Colliery operated 400 feet below the South Wilkes-Barre area by the Glen Alden Coal Co.

Clements is a member of the three-man commission appointed last night by Gov. John S. Fine to survey conditions in the highly-residential affected area. The other members are Adj. Gen. Frank Weber and State Police Commissioner C. M. Wilhelm.

Clements said his field men reported that the "squeeze" or subsidence "may continue for some men out of the mines."

A mine "squeeze" results from time. "Until the squeeze is completed, he said, "we will keep the And he said McCarthy could question the generals too. Stevens said he's "confident" now officers will not be "abused."

disintegration of pillar support and usually results in an earth depression but it may cause an upheaval as it did here.

Although the Glen Alden Co. has stated that its operations had nothing to do with the earthquake, whether this was a surrender or a truce, this question must be answered: Will McCarthy pursue this investigation and call the witnesses or will he let the Army make its own investigation and, perhaps, give the public a report?

Firemen remained at the scene as a precaution against gas fumes still escaping. The fumes overcame two persons but there were no other serious mishaps. Police also remained in the area, to keep out all vehicles except those with repair crews and to guard the few homes that had been vacated.

accessible "due to a heavy squeeze and liberation of large quantities of gas."

It was reported last night that Glen Alden has called out 700 of its men from the Woodward Colliery last Thursday because of a squeeze.

Firemen remained at the scene as a precaution against gas fumes still escaping. The fumes overcame two persons but there were no other serious mishaps. Police also remained in the area, to keep out all vehicles except those with repair crews and to guard the few homes that had been vacated.

HESS, LEADER, DILWORTH LEAD FOR NOMINATION

New Oxford

NEW OXFORD — The Hawaiian born wife of the local Methodist minister, Mrs. Amos D. Meyers, has arranged to repeat a spring

project which has proven popular with church members and the public for the past two years. Mrs. Meyers arranges with her mother, who resides in Hawaii, to have a quantity of orchids flown here for sale as corsages for Easter and Mother's Day, the distribution of

the orders being in charge of church groups.

J. Arthur Donohue has returned to his work in Philadelphia after visiting his wife and son here. Mrs. Leonard L. Myers, East Berlin, formerly Miss Harriet C.

Fleishman, this place, has been substituting as a clerk in East Berlin's Peoples State Bank during the absence for an indefinite time of Mrs. Dorcas Fair Jacobs.

Mr. and Mrs. Thomas Gladfelter, Columbia, the latter formerly

Regina Moore, and their family were weekend guests of local relatives.

The Rev. Howard E. Sheely, pastor of Hanover's Trinity Reformed Church, and a former pastor of St. Paul's Church here,

spoke at the local church Tuesday evening at a meeting of the Men's Brotherhood.

The recently born son of Mr. and Mrs. Fred G. Klunk has been named Warren Gerard. The Klunks have six other children.

When you are baking drop biscuits, spread only the space where the biscuit will be placed with butter or margarine, instead of greasing the whole pan. Saves work when you're washing the pan.

HARRISBURG (U)—Judge Warren K. Hess and State Sen. George M. Leader top the list of possible Democratic nominees for governor of Pennsylvania today but the name of Richardson Dilworth appeared headed for reconsideration.

Rep. H. G. Andrews, Democratic floor leader of the House, on Tuesday singled out Hess, 44-year-old Berks County jurist, and Leader, a 36-year-old York County poultry farm owner, as the two most likely to provide the Democratic State Committee with its candidate.

However, Mayor Joseph Clark Jr., of Philadelphia disclosed that he had obtained enough pledges among the City Council to assure defeat of a proposal to place city charter amendments before the voters in May. That would end the possibility of a fight over charter amendments and supposedly free Dilworth to seek the nomination.

He has maintained during the last month that he did not want to be a candidate for governor and friends have made it clear that the reason was he does not want to duck a fight over amending the two-year-old Philadelphia charter. To run for governor he would have to resign his district attorney post.

Dilworth had no immediate comment on the changed situation. "The judge is a candidate who would get the most Republican votes and I personally favor him," said Andrews in a telephone interview from his Johnstown home. "It looks to me as though it is between Hess and Leader."

IKE RETURNS FROM VACATION

WASHINGTON (U)—President Eisenhower returned Wednesday from a six-day vacation in California, to plunge almost instantly into problems of state.

The arrival of the presidential plane Columbine at Washington National Airport at 7:45 a.m.—eight and one-third hours after takeoff from Palm Springs—was witnessed by a nationwide NBC television audience.

The President and Mrs. Eisenhower stepped from the plane to a waiting limousine and immediately sped off to the White House. There the chief executive had a date within the hour to talk over the legislative situation with GOP Congressional leaders.

Among his other appointments for Wednesday was a luncheon engagement with Secretary of State Dulles to hear firsthand the secretary's report on the Big Four talks at Berlin, from which he returned last Friday.

(Continued from Page 1)

Here's one thing. Nationally we are now spending 91 per cent of every dollar we make. We used to be spending 85 per cent. Those four cents out of every dollar is the difference between boom and recession. And that four cents is there to be gotten, if you do a job of selling.

"We do have what economists call a rolling readjustment. That means various industries are having setbacks. But they are not all set back at the same time. One has recovered by the time another hits the skids. So we can't possibly have a depression like we had in 1929. The economic realities are against it. The realities show that there is money to be spent and money being spent—more than ever before.

"What has happened is that now we have to do a job of selling. Too many of us have had it too easy for too long.

Market Is Bigger
"We all can show a lot of gain. Newspapers can show increased circulation. Parade magazine now goes to 43,000,000 customers. But is this due to our efforts, or to the fact that we just naturally went along with the market. As the market got big, we got big.

"Are we really doing a job of selling? There are car dealers today who are doing a good job, making more than ever before. There are some who are failing. The difference is the ability of the individual to sell. There are those auto dealers who are proving that quality, service and selling pay off — and it does.

"Are we fully aware of the mass market concept? Do we fully realize how big a market there is for our products. The market really got big after the war. We put 40,000,000 cars on the road, not because auto dealers were so smart, but because the market got big. The same holds true of newspapers. We have bigger circulations than ever before, not because we are so smart, but because the market got bigger.

Ring Bells With Newspapers
"That market is still there — bigger and better than ever. But we've got to ring every doorbell to make

sales. One way is through advertising in the medium where every doorbell is rung — in the local newspaper.

"The smaller newspaper is not the New York Times. The Times and the Christian Science Monitor are unique in this nation, they are truly national newspapers. But the smaller newspapers can do what the national newspapers cannot do. The local dailies go to every home, they ring every doorbell. They reach the mass market. Like the low price car, they give you the most mileage at the least cost. And that is what you want and need to sell. The market is there — go get it."

Times Has Grown
"The Times carries more local news than any other paper in our area. In 1947, in the 2,870 pages printed that year, The Times carried 23,715 local stories, 151½ columns of church notices, and 53,292 articles of all kinds. In 1953 in 3,672 pages it carried 30,830 local stories, 196½ columns of church notices and 69,397 articles of all kinds.

"The Times has come a long way in my time. Then we had three linotype machines and 16 employees. Now we have ten linotypes, 66 employees and numerous carriers, correspondents, etc. The Times grew with the town and the county and it now requires more manpower, more machinery, more of everything to put out our daily paper.

"Obviously the payroll of The Times has increased substantially and all of that is spent here, among our merchants of Gettysburg and the county."

News Handled Fairly
"Our employees are skilled craftsmen and they produce a new product each day—all for the benefit of the subscribers. The Times is impartial, unbiased, fair, supports all good projects. We are concerned with your welfare, your family and your business and we are the only one outside your family who really does care. We'll do anything in the world for you except keep out news—so don't ask us. We don't distort or color the news, it is always presented factually. You draw your own conclusions.

"We have no political affiliations. The major parties are treated alike. We have never broken faith, never

Warn Auto Dealers Of "Bootlegging"

DETROIT (AP) — Henry Ford II, president of the Ford Motor Co., and Harlow H. Curtice, president of General Motors Corp., have warned their dealers throughout the nation against the practice of automobile "bootlegging."

Both Ford and Curtice broadly hinted yesterday in letters to their new car dealers that if the practice continues to grow some dealers stand a good chance of losing their franchise.

(Bootlegging is the wholesaling by franchised dealers of new cars to used car retailers who sell them at less than the list price.)

Protests filed by franchised dealers reportedly prompted the National Automobile Dealers Assn. to appeal to the manufacturers to put a halt to bootlegging.

Charles C. Freed, NADA president, and Frederick J. Bell, executive vice president, have been in Detroit conferring with top auto executives on proposals for stopping the practice.

violated a confidence and never will. "In The Gettysburg Times no one is committed to an insane asylum, no one knows who is involved in

juvenile court and no one dies in the county home. Children can read The Times in mixed company at your dinner table and no one will be embarrassed or ashamed.

Guests Introduced
"And the efforts of The Times have achieved recognition outside the community. Within the past few months The Times has won two cups in competition with other newspapers — one for the largest percentage of gain in local lineage during 1953 and the other for the best series of display advertising."

Introduced at the dinner were Mares Sherman, president of the Gettysburg Chamber of Commerce; Edward N. Stine, president of the Retail Merchants Association, and Burgess William G. Weaver as well as members of The Times staff.

Prior to the dinner the merchants toured The Gettysburg Times plant. Among members of The Times staff who assisted as guides for the visitors were Mr. Roy, Hugh C. McIlheny, G. Henry Roth, M. P. Hartzell Jr., C. William Harbaugh, E. S. "Jim" Wolf, Donald Fair, Mr. Baum, Paul B. Ramer, Paul G. Pensinger, Ralph Menchey, George Kadwill, Ray Koehler, Harry Harmon, Philip Hughes, Theodore Keefe, John W. German, Swartz Hoke, James Snyder, Laverne King, John Sanders and Thomas Small.

Egypt's Council

(Continued from Page 1)

the republic will remain vacant until Parliament is restored by elections which the regime plans in two years—after the end of the three-year "transitional period" proclaimed last year. During that period political parties are banned, although the government - sponsored Liberation Rally is rising as a political force.

Cairo remained quiet. There were no signs of unusual military or police activity except for a detachment of soldiers checking the passes of newsmen around the Marconi cable office.

However, the news of the resignation of Naguib, often called "the most popular man in Egypt," caused shock and concern among politically conscious students.

Texts of the council's communiqué were read repeatedly over the Cairo radio. Late editions of the morning newspapers carried the announcement without comment.

Political observers believed there would be little immediate change in the foreign policy of Egypt's vigorous new government even though Nasser, dynamic and hard driving, finally has stepped to the top leadership so far as the

public is concerned. That foreign policy has been defined as noncooperation with the West until the British withdraw from the Suez Canal zone.

In Syria, radio Aleppo said a large section of the Syrian army had revolted against President Adil Shishkly. An earlier Aleppo broadcast, heard in London, claimed, without confirmation — Shishkly had been overthrown. Broadcasts from Damascus, the Syrian capital, made no mention of any kind of trouble whatever.

The Aleppo broadcast said troops from Aleppo and the northern districts of Syria had seized Aleppo, largest city in the country, and declared open rebellion under the leadership of Col. Mustafa Hamoud.

Calling Shishkly "a tyrant, oppressor and slave of the imperialists," the broadcast said Hamoud had given the President an ultimatum to resign by tonight and leave the country within 54 hours.

An official source insisted Naguib is not under formal arrest nor have any charges been placed against him.

DULLES TELLS TV AUDIENCE U. S. GAINED, LOST NOTHING

By WARREN ROGERS JR.
WASHINGTON (AP) — Secretary of State Dulles has assured the nation it lost nothing at Berlin and gained much — including a chance to bring Red China "before the bar of world opinion."

Dulles, who returned five days ago from the month-long Big Four talks, told a nationwide radio-television audience last night:

"You may ask whether it was worthwhile to go to Berlin . . . My answer is 'yes' and I have no doubt about that."

Important Results
He said two results "will profoundly influence the future" and described them as:

1. Soviet Foreign Minister V.M. Molotov was forced by the U.S., French and British delegates "to show Russia's hand" — a hand which Dulles said hung on to all it had, including East Germany and East Austria, and grabbed for more.

2. Molotov gave in, at the last hour in a "concession . . . not to be ignored," and signed a declaration spelling out U. S. refusal to recognize Red China.

It was this point—America's

long-withheld diplomatic recognition of Communist China—which Dulles hit time and again. His half-hour speech, besides domestic radio-TV coverage, was beamed also in 33 languages to both sides of the Iron Curtain.

His report to the nation climaxed his campaign to convince critics anywhere that the Communist world was not "appeased" in arrangements agreed upon at Berlin for the holding April 26 of an Asian peace conference at Geneva, Switzerland, and in a lack of progress on the German and Austrian questions.

From Profs Search Navajo Reserve For Minerals

WINDOW ROCK, Ariz. (AP)—The vast Navajo Reservation is a treasure house of undeveloped minerals and other natural resources, say professors from the Universities of Arizona and New Mexico.

A search for wealth beneath the rocky soil of the 16-million acre land is under way. The geologists' salaries are paid from funds of the U. S. Bureau of Indian Affairs.

DEMOCRATS ACCUSED OF "SLOWDOWN"

WASHINGTON (AP)—Sen. Knowland (R-Calif.) angrily accused Democrats of using "slowdown" tactics against President Eisenhower's program after they forced an abrupt Senate adjournment last night, 48-45.

Knowland, the GOP floor leader, told reporters, "It is apparent to me that there has been a filibuster going on to prevent action on this constitutional amendment." He referred to the proposal, offered originally by Sen. Bricker (R-Ohio) and since modified in major respects, to limit treaty powers. The Senate has been debating it most of the time since Jan. 20.

Fought By White House
Democratic Leader Lyndon B. Johnson of Texas quickly wanted to know if Knowland believes "the Bricker amendment is a part of

the Eisenhower program."

"If so," Johnson asked newsmen, "where does he get his information?"

The White House has fought the Bricker proposal strenuously.

Knowland charged the Democrats with wanting to take over control of the Senate, and he told newsmen:

Public Should Know

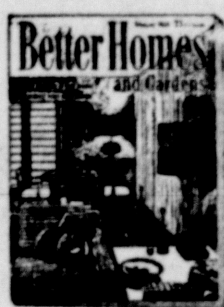

"Unless we can proceed here with the public's business, the Eisenhower program is going to be jeopardized. If the responsibility is going to be shifted to the Democrats and we can't get a program through, then the public should know where the responsibility lies in the future."

Johnson replied that the Democrats were not seeking to take over when they forced the Senate to halt debate on the Bricker amendment over Knowland's objections.

He also declared that "if there is a slowdown, it's a Republican slowdown." He said an analysis of the Congressional Record shows Senate Democrats have done 27 per cent of the talking since the 1954 session began.

Stevens Bows To McCarthy On Demand For Facts; Couldn't Defy Congress On Red Probe

By G. MILTON KELLY

WASHINGTON (AP) — Informed sources said today Secretary of the Army Robert T. Stevens agreed to Sen. McCarthy's demands for information after being told his orders to the contrary put him in an untenable position of defying Congress.

Stevens' change of position killed what would have been a dramatic climax today to the dispute that started over the promotion and honorable discharge of Maj. Irving Peress. Stevens and McCarthy, chairman of the Senate investigations subcommittee, were to have had it out before the television cameras.

But although that public session was canceled, the furor over the affair blared on and showed signs of developing into another election-year political issue.

Stevens Given Promises

Stevens was described as shocked that his agreeing to McCarthy's demands was considered a defeat for him and a victory for the senator. At a showdown meeting yesterday attended by the two principals and the other Republican members of McCarthy's sub-

committee, an agreement was question all Army personnel involved in the Peress matter.

Stevens earlier had ordered two officers to disregard subcommittee subpoenas and the Army had ignored McCarthy's call for the names of the persons involved.

But Stevens was said to feel that he had obtained guarantees about future handling of Army witnesses that, in his view, counterbalanced the concessions he made. He had objected strongly to the line taken by McCarthy in questioning Brig. Gen. Ralph Zwicker at a closed hearing in New York last week and had said he could not permit such "abuse" of officers.

Adial Sounds Off

The Army secretary, it was learned, had prepared a statement that was to have been read to the McCarthy subcommittee today. It said in part:

"I am here today to defend an officer of the U.S. Army . . . who was humiliated in a hearing before this committee . . . because he was carrying out my orders. I am here because I feel the integrity of the entire Army is involved."

The prestige and morale of our armed forces are too important to the security of the nation to be weakened by attacks on our military personnel."

However, sharply worded statements that the administration had yielded to McCarthy came from Adlai Stevenson, the 1952 Democratic presidential candidate, and a spokesman for Americans for Democratic Action (ADA), an organization pledged to uphold the principles of the Franklin D. Roosevelt administration.

He Not Involved

The White House said yesterday the President had no hand in arranging the McCarthy-Stevens meeting. And after the Army secretary came out of it, he told newsmen he does not "consider that I am a person who capitulates or retreats."

The "memorandum of understanding" that resulted from the meeting, besides the specific agreements on further information for McCarthy's subcommittee, contained a statement that the Army was in agreement with the subcommittee on the importance of rooting out Communists from the armed services and that the Army's own investigation of the Peress matter would continue.

MOTHER, SON ARE REUNITED

PHILADELPHIA (AP) — A search for the heirs to the \$10,000 estate of a retired sheet metal worker has reunited a mother and the son she thought was dead.

Mrs. Edna Feist of Bethlehem, Pa., and her son Gordon Dieterick, who was driving a truck for a Spring Brook, Wis., lumber firm, were brought together in Orphans' Court here Tuesday.

They, and another son, Earl Hess of Vine, Tehama County, Calif., have been awarded the estate of Mrs. Feist's first husband, Clark Dieterick, the sons' father.

The tangled tale of years of separation goes back to World War I when Mrs. Feist and Dieterick were divorced. Mrs. Feist said Gordon was placed in the St. Joseph's Home in Scranton, Pa., while Earl went to stay with his grandmother, where he adopted the last name of Hess.

In 1920 the mother married Feist and he agreed to adopt Gordon. But Mrs. Feist said that when they went to the Scranton home they were told that the boy had died during an influenza epidemic.

The elder Dieterick, meanwhile, remarried. His second wife died in 1949. Dieterick died on Christmas Day, 1951, at the age of 65.

In settling the estate, Orphans' Court Judge Harold D. Saylor directed a search be made for heirs. He appointed William J. Connelly, former chief of county detectives here, to conduct an investigation. Through a brother of the dead man, Gordon S. Dieterick of Washington, D. C., Connelly got a lead on Mrs. Feist. His search then took him to Wisconsin where he located Gordon, living under the name of Jack J. Kelly.

five years ago in Czechoslovakia, and about the months he hid out in that country.

But he did attribute his escape primarily to the "many, many Czechoslovaks who are opposed to their Communist regime."

"They are looking to us in America for guidance, and leadership," Hvasta said. "They look to us for the greatest help possible."

Hvasta expressed fear that any details of his escape might lead to reprisals against those who helped him.

ESCAPEE FROM REDS THANKS US

WASHINGTON (AP)—John Hvasta, who escaped from a communist prison in Czechoslovakia and managed to elude his pursuers for 21 months after that, paid a visit of gratitude to the State Department Tuesday.

The 26-year-old naturalized American from Hillside, N. J., personally thanked Secretary of State Dulles and others in the department who helped him to freedom.

In talking with newsmen later, Hvasta remained tight-lipped when asked for details about his arrest

NEW SHIFT IN BATTLE FOR NYC CONTROL LOOMS

CLEVELAND (AP)—A new shift of strength in the battle for control of the New York Central Railroad appeared possible today as directors of the Chesapeake & Ohio Railway prepared to meet.

William White, NYC president, said in New York last night that 800,000 shares of NYC stock held by C&O had been purchased "by certain wealthy individuals who

must have paid about 20 million dollars."

C&O had no comment on the report, but said it would issue a statement when its board meets this morning.

Presumably the statement will deal with the stock since it is one of the topics expected to be discussed.

The 800,000 shares represent about 12½ per cent of the 6,447,410 outstanding and are held by ICC order in a voting trust exercised by the Chase National Bank.

Are Crucial Issue

They are a crucial issue in the proxy battle for control of the NYC being waged by Robert R. Young, former C&O board chairman.

CLEAR WAY FOR CONFIRMATION OF EARL WARREN

By JOHN CHADWICK
WASHINGTON (AP)—A 12-3 committee vote cleared the way today for speedy Senate confirmation of Earl Warren as chief justice of the United States.

Sen. Knowland of California, the Republican floor leader, said he planned to take President Eisenhower's nomination of Warren up in the Senate tomorrow. "I believe the Senate will give the chief justice an overwhelming vote of confidence," he added.

No senator, not even any of the three who voted against committee clearance, has said publicly he will vote against confirming Warren's appointment.

The Republican governor of California has been serving on the Supreme Court since last October under an interim appointment.

made while Congress was in adjournment. His nomination to succeed the late Fred M. Vinson in the nation's highest judicial office was submitted to the Senate for confirmation on Jan. 11, but it was only yesterday that the Senate Judiciary Committee reported it favorably.

Witness Arrested
The committee acted after a day-long session at which its only witness was taken into custody by police on a complaint that he was a fugitive from a California charge of subornation of perjury—inducing someone to lie under oath. He later was released, however, by a municipal judge.

The vote to recommend confirmation of Warren's nomination was 12-3, with Senators Kilgore (D-W.Va.), Eastland (D-Miss.) and Olin D. Johnston (D-Sc.) casting the opposition votes.

Eight Testify In Prisoners' Trial

LEWISBURG, Pa. (AP)—Eight witnesses testified in U. S. District Court here yesterday against two Lewisburg penitentiary prisoners charged with assaulting George Eric Barnes, another inmate.

The government then rested its case in the trial of James Thomas Powell and Olin DeWitt Henson, charged with assault and intent to do bodily harm.

Barnes testified yesterday that he spent 12 days in the hospital after the assault in which he suffered numerous cuts of the head and shoulders, a fractured elbow and fractured finger.

He said the other prisoners beat him with a steel rod and a wooden measuring rod.

Others testifying included four custodial officers at the penitentiary, a doctor and two FBI agents.

The Republican governor of California has been serving on the Supreme Court since last October under an interim appointment.

made while Congress was in adjournment. His nomination to succeed the late Fred M. Vinson in the nation's highest judicial office was submitted to the Senate for confirmation on Jan. 11, but it was only yesterday that the Senate Judiciary Committee reported it favorably.

Witness Arrested
The committee acted after a day-long session at which its only witness was taken into custody by police on a complaint that he was a fugitive from a California charge of subornation of perjury—inducing someone to lie under oath. He later was released, however, by a municipal judge.

The vote to recommend confirmation of Warren's nomination was 12-3, with Senators Kilgore (D-W.Va.), Eastland (D-Miss.) and Olin D. Johnston (D-Sc.) casting the opposition votes.

SEEK OPINION ON COURT BAN

HARRISBURG (AP)—The Pennsylvania Newspaper Publishers Assn. and Pennsylvania Society of Newspaper Editors are seeking legal advice on the order of Judge Edward G. Bauer that banned picture taking in the Westmoreland County courthouse and jail.

The executive committee of the PNPA and officers of the PSNE meeting here yesterday decided to refer the problem to attorneys for the two organizations and for the Greensburg Tribune and Morning Review for "consideration and advice."

Judge Bauer re-emphasized what he called a long standing rule against newspaper taking as the state prepared to open its case in the phantom turnpike slayings.

The PNPA wrote the jurist when his order was issued that the ruling went beyond the code of ethics of the American Bar Assn. The ruling has been upheld informally by Pennsylvania's Supreme Court chief justice.

In ancient times the Infantry soldier, best represented by the Roman legion, was more important in Europe and cavalry was more important in the warfare of Asia.
